Re: Concrete Plant Approval
Facilities No.C0559, C0560

Gentleman:

On 07-08-2023 personnel from Regional Materials Office inspected your concrete production facilities located at 200 MORGAN AVE., BROOKLYN, N.Y. 11237

As a result of this inspection, it has been determined that the physical plant features, the automation and recordation equipment at this facility are in conformance with the requirements outlined in Section 501 of the New York State Department of Transportation Specifications of September 1, 2022, as addended.

Approval is hereby given to supply concrete from this facility to department projects until 07-08-2024.

This approval is contingent on your ability to continue to meet all N.Y.S.D.O.T. specifications and all health and safety requirements. Periodic inspections, sampling and testing will be made to ensure continued compliance.

Any questions, call me at 718-529-3310
